Tach: 6136.16

Using the Aircraft Weigh Work Sheet dated 3/6/14 from William Cassel (A&P 2088058), computed a new aircraft empty weight and balance IAW the procedures found in the aircraft information manual. Leveled the aircraft and obtained the necessary measurements to compute the following empty weight and balance:

Empty Weight	C.G.	Moment
2194.00	80.14	175825.60

Gross Weight: 3600.00  
Useful Load: 1406.00

**Note: Middle 2 seats and center console removed**
